JOIN IN THE GAMES

'What can I do today?' If you own a Yamaha BW's Original, you'll never again be faced with that 'I'm bored' situation.

BW's Original delivers instant, simple fun. Tough enough to take the daily grind without complaint, and cool enough to give you maximum points with your mates.

Yamaha's ultra-reliable two-stroke air-cooled 50cc engine with fully automatic transmission is the zippy powertrain that will take you wherever you want to go. Environmental and financial impacts are low, especially if you and your pals make full use of the dual seat with integral passenger grab handles and the handy luggage/helmet hook. The handling is solid and reassuring thanks to the strong, lightweight frame, grippy 10inch tyres, and responsive disc/drum braking combination.

Cut yourself free from life's limitations with a BW's Original – an iconic multi-tasker with a vibrant personality all of its own.

🔥 The BW's is an urban legend. There's no special secret to its 'do-anything, go-anywhere' ability – just great Yamaha engineering. Rugged body panels click into place on a strong, lightweight frame, with Yamaha's ultra-reliable 50cc engine partnering an easy, fully-automatic transmission to deliver pure 'start it, ride it, park it' fun.

🔥 Cool blue dials show you all the information you need. Speed, fuel and how many miles you've covered.

🔥 These are integral passenger handles – just the thing for those friends who'll be begging for rides.

🔥 Flip out foot pegs for those friends along for the ride – well, before they get their own anyway.

🔥 Chunky 10inch tyres give a cushy ride; 180mm front disc brake serves up instant stopping response.
